

Fernald Cleanup Progress Briefing

will focus on clean-up plan for Silos

The Silos Project will be the topic of the next Fernald Cleanup Progress Briefing on Tuesday, July 18, at 6:30 p.m.

During the meeting, DOE and Fluor Daniel Fernald will discuss the Silos 1 and 2 Proof-of-Principle (POP) Testing Reports, which are available in the Public Environmental Information Center, 648-7480. The reports contain test results of remediation technologies that could potentially be used to treat the material in Silos 1 & 2.

The meeting will be held at the Fernald site, 7400 Willey Road off State Route 128. Visitors must show a drivers license or valid photo identification to the Fernald Security Officer when entering the site. Handicapped parking is available. For more information, contact:
